

ICTP IN NUMBERS 2025

The Abdus Salam
International Centre
for Theoretical Physics

ICTP ACTIVITIES

4,963

Participants in scientific activities

54

Conferences, schools and workshops at ICTP

+ 14

carried out abroad

144

Countries represented

50%

of participants from Global South countries

ICTP PROGRAMMES

139

Students enrolled in Masters, PhD, Diploma and STEP Programmes from **58** countries

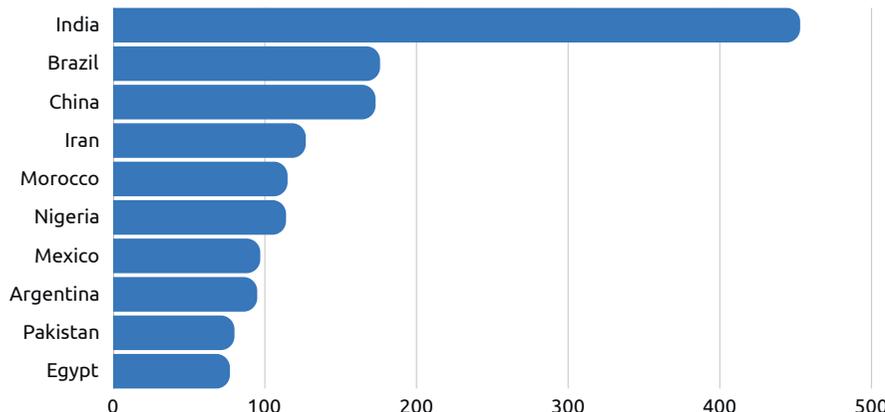

Scientists engaged in Career Development Programmes: TRIL, Elettra, Associates, ATAP and IAEA Fellowships

255

from **55** countries

Top 10 Global South countries by participants' nationality

ICTP OUTREACH

25

Activities organised by Physics Without Frontiers with more than **1,200** participants

Scientific Meetings organized by the External Activities Unit in **11** countries

13

5

Affiliated Centres

Active networks

3

ICTP RESEARCH

148

Researchers (staff, consultants, longterm visiting scientists, postdoctoral fellows)

from **33** countries

GENDER AT ICTP

31%

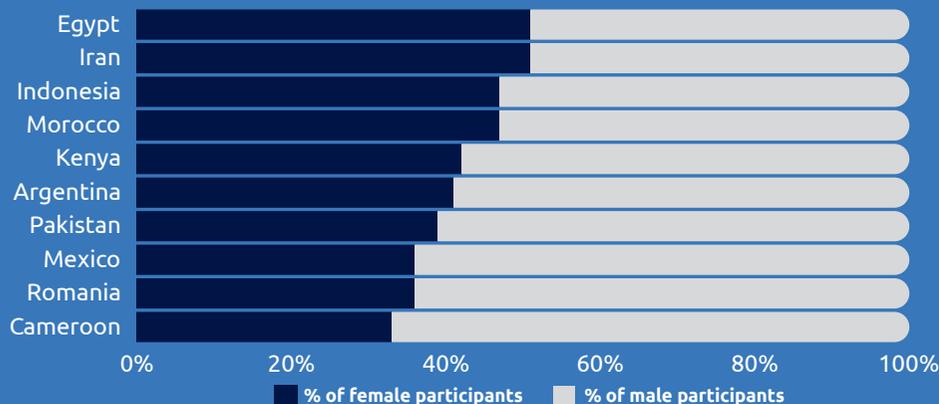

of participants were women

64%

of them were from Global South countries

Top 10 Global South countries for the largest share of female participants

Total number of citations of ICTP papers
